HISTORY OF THE ORGANIZATION

• 2016

INCORPORATED

Officially and legally registered under the Ministry of Corporate Affairs, India.

2018

ESTABLISHED

Driven by a long-term vision and research, we aim to transform society, government, and businesses by providing advanced IT consulting and specialized software development to thrive in the digital age.

• 2020

TURNING POINT

Our flagship B2B LMS application, Witsclass was introduced during the COVID-19 pandemic time. This marked a significant turning point for the company, as it transformed educational management for a diverse range of clients, from small to large edu-tech businesses.

"The secret to success is happiness. You will succeed if you are passionate about what you are doing."

• 2021

ASSOCIATION AND GROWTH

Expanding into the United Arab Emirates represents a significant achievement for us. We now offer innovative products and IT research in one of the world's most dynamic and forward-thinking marketplaces. The UAE's focus on innovation, quality, and excellence aligns perfectly with our goals.

WelkinWits formed a significant association with Oracle Cloud Infrastructure, enhancing our capability to manage high-intensity applications and enterprise workloads, addressing corporate requirements and services.

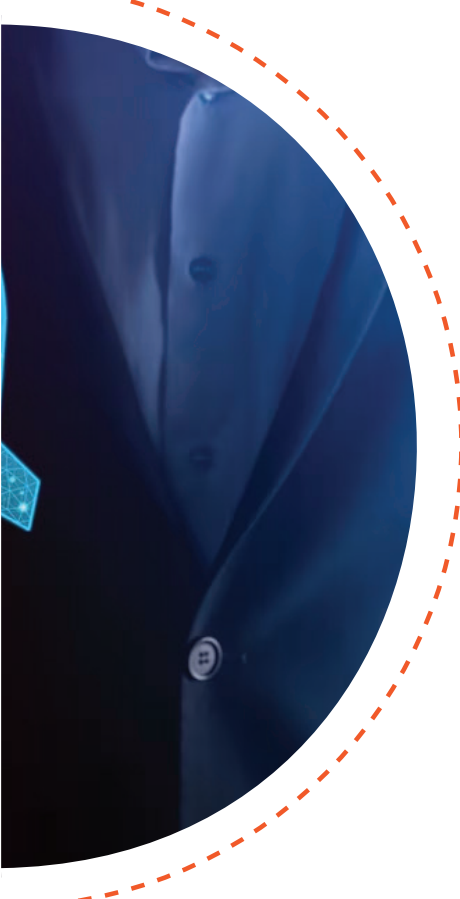

• 2024

GLOBAL EXPANSION

As part of our global growth strategy, WelkinWits now offers its services and products in the United Kingdom. We are excited to bring our innovative solutions and expertise to this dynamic market, furthering our commitment to delivering excellence worldwide.

Business Continuity with Innovative Journey:

Building on the success of our flagship product, we enhanced our Edu-tech solution with our advanced components such as AI, process automation, and exclusive customizable live class system, along with numerous upgrades to make it more powerful and innovative. The WelkinWits team continues the business journey by creating innovative products based on research and development division.
